Applications Engineer

Established in Cambridge, UK in 2009, NCG CAM Solutions Ltd provides CAM software solutions, offering all the tools needed to manufacture prototypes, models, moulds, dies, patterns and finished products. Our specialist area is 3D HSM CAM with our product **NCG CAM**.

All of our staff have a wealth of CAM experience, having worked in the CAD CAM and engineering industry for many years.

We are currently looking for a full-time experienced Applications Engineer to join our CAM Customer Services Team, based at our offices in Histon, Cambridge.

Job Description

- Provide telephone and on-line support for our direct customers and resellers
- Make occasional on-site visits to customers in the UK
- Deliver training to direct customers in the use of our products
- Maintenance of user manuals and training documentation
- Play a key role in the testing of our software
- Write and adapt post-processors for 3, 3+2 and 5 axis milling machines
- Maintain accurate customer records

Applicant Description

We are seeking a bright Application Engineer who will enjoy working as part of a small, motivated team engaged in the development and support of complex, high-quality machining software. There is an abundance of exciting and interesting work to be done if you are up to the challenge.

The ideal candidate would possess the following characteristics:

- Professional experience of CNC programming
- Knowledge of CAM and its application
- Some experience of computer programming would be beneficial, but is not essential
- Excellent analytic and problem solving skills
- Excellent written and verbal technical communications skills
- A willingness and desire to take initiative
- The ability to learn quickly
- The ability to work with people at all levels
- The ability to work under pressure and meet deadlines
- Self-motivation

The successful applicant will receive training on the use of our **NCG CAM** software and post-processor development.

Working Hours

Monday – Friday, 9am – 5.30pm.

Income

Salary negotiable depending on experience.

Benefits

NCG CAM Solutions Ltd offers the following benefits:

- Health insurance
- 26 days holiday + bank holidays
- Cycle to Work scheme
