

PRESS RELEASE

NCG CAM Solutions Ltd Opens Local Office in India Due to Growing Demand for NCG CAM Software

NCG CAM Solutions Ltd, UK have today opened a local office in India due to growing demand for their standalone CAM software, NCG CAM. Based in Bombay, the NCG India office is headed by Mr Nawdeep Puranik.

India is a very large market for the engineering industry, particularly for the automotive sector. In such a big market, NCG CAM Solutions Ltd felt that it is important to be represented as a company on a local level to offer the best sales and support services.

“Nawdeep has over 13 years of experience in strategic planning, business development and sales & marketing for resellers in the CAD/CAM market in India. We are confident that Nawdeep and his team will offer the best possible sales and technical support to both our customers and resellers in India.” says Estelle Dunsmuir, Distribution & Marketing Manager, NCG CAM Solutions Ltd, UK.

If you are an engineering company in India currently looking to purchase CAM software, or a reseller looking to take on CAM software, contact NCG India directly – www.ncgindia.com or email npuranik@ncgindia.com .

About NCG CAM Standalone 3D HSM CAM Software

NCG CAM HSM CAM software is an easy to use stand-alone CAM system that integrates with existing CAD and CAM systems.

NCG CAM boasts many innovative features. It is suitable for all types of forms, creating an optimised, smooth cutter motion for 3D HSM machining, while helping to extend tool life, minimising wear on the machine tool and producing parts with excellent surface finish.

NCG CAM has a very user-friendly interface, with a typical learning curve of just 1 day required to machine a live job. It is perfect for the high-speed machining of moulds, dies, prototypes and precision surface machining.

Features

- Very user friendly interface – making it suitable for even occasional users
- **NCG CAM** offers many advanced 3D machining routines, rest roughing & 3 + 2 capabilities for all toolpaths, simultaneous 5-axis add-on module available
- Fast and efficient roughing strategies, including core roughing
- Advanced drilling routines – includes automatic hole detection and / or user defined holes
- All machining routines are fully gouge protected for both the cutter and the tool holder
- Rest area option for finishing strategies to minimise any air cutting

Key Benefits:

- Stand alone CAM software that is compatible with **ANY** other CAD package
- Extremely easy to use with just 1 day training required to machine a live job
- Ideal for shop-floor programming
- All post-processors are written in-house
- Powerful 3D machining
 - Increased efficiency
 - Reduced wear on machine
 - Extended tooling life
- Saves time and money !!

A demonstration version of NCG CAM software, is available to download -

<http://www.ncgcam.com/demorequest.html> . The demonstration version of **NCG CAM** has unlimited usage and while there are restrictions to the machining output, it can also be used in its basic form as a **FREE** .iges viewer.

About NCG CAM Solutions Ltd

Established in Cambridge, UK, **NCG CAM Solutions Ltd** provides CAM software solutions, offering all the tools needed to manufacture prototypes, models, moulds, dies, patterns and finished products. Our specialist area is 3D HSM CAM with our product **NCG CAM**.

All of our staff have a wealth of CAM experience, having worked in the CAD/CAM and engineering industry for many, many years. This includes our support team who have actually worked on the shop-floor using CAM software on live jobs, so are able to provide an excellent back up and support service for the software.

Since establishing in June 2009, NCG CAM Solutions Ltd have a rapidly growing global reseller base, with resellers for NCG CAM in UK, Germany, Italy, Benelux, Slovenia, Slovakia, Hungary, Czech Republic, Romania, Bulgaria, Serbia, Croatia, Poland, Turkey, Greece, Middle East, India, Russia, China, Japan, Korea, Australia, Mexico and across USA.

To contact a reseller or to download the demonstration version of **NCG CAM**, visit www.ncgcam.com .
Alternatively contact Estelle Dunsmuir for more information – estelle@ncgcam.com or call +44 (0)1223 863911 / +44 (0)1353 699840.
